PROFESSIONAL EXPERIENCE

INVENTORY CONTROL ANALYST - Monitored inventory flow for national furniture rental company. Verified daily inventory reports from retail locations to ensure proper tracking and cost application to corporate P&L statement.

SQL/VBA PROGRAMMER - Developed inventory processing applications tracking retail sales from distributed locations, ensuring accurate quantity, revenue, and depreciated-cost information was available for purchasing and accounting functions.

SAFETY COMPLIANCE OFFICER - Implemented and maintained award-winning organization-level Occupational Safety and Health program.

HELICOPTER PILOT-IN-COMMAND

Conducted flights to support Air Medical Transport Services (EMS). Successfully transported over 1000 patients to higher level of care.

Planned and executed local and cross-country flights to customer specifications, in accordance with aircraft capabilities, weather limitations and federal aviation regulations.

Provided aerial support to disaster relief efforts for public agencies and private interests.

Conducted flights to support aerial survey, aerial photography and customized transportation needs of corporate and private customers.

Electronic News Gathering (ENG) operations. Pilot/reporter for local television affiliate, providing live and taped television news reports.

MILITARY OFFICER/PILOT, UNITED STATES NAVY

INSTRUCTOR PILOT providing primary and advanced flight instruction to student Naval Aviators and flight instructors.

LOGISTIC / TACTICAL PILOT / DETACHMENT OFFICER-IN-CHARGE responsible for operations and administration of 12-man detachment deployed to Indonesia. Transported external cargo, internal cargo and passengers between small-deck ship and remote island landing zones.

EDUCATION

Certificate - Full Stack Coding Bootcamp, Georgia Institute of Technology

Bachelor of Science, Industrial Engineering, Auburn University
